

Washington Foundation for the Environment presents:

# THE SECOND ANNUAL GREAT ENVIRONMENTAL ISSUES SLAM

The battle for hearts and minds takes place:

Tuesday, November 15, 2011, 6:30 p.m.

The REI Flagship Store, 222 Yale Ave. North, Downtown Seattle

FREE ADMISSION!!!

## THE ACTION

Seven local movers and shakers who are passionate about an environmental issue each will have 5 minutes to convince us that it's critically important for the future of all Washingtonians that we tackle THEIR issue NOW. Audience members will vote on the most persuasive presentation and the winner will earn the right to designate a nonprofit group as recipient of a \$1,000 grant from the Washington Foundation for the Environment for work on their issue. The second place finisher will receive a \$500 grant. Come watch the competition and help determine the winner.
